To Whom It May Concern:

Rhonda Baerwald, of RB Cat House, in Verona, Wisconsin, has been a feline client of our practice since 1998. I have personally cared for her cats and kittens at both our clinic and her cattery.

Rhonda has exceptional facilities, where the Queens and Toms live as part of her household. She provides excellent care for all of her cats and seeks veterinary care immediately, when needed. I have performed numerous pre-adoption exams for her kittens, with all being healthy and free of visible abnormalities.

I recommend Rhonda and RB Cat House as a source for Persian kittens with confidence.

Sincerely,
